

March 2020 Frosty Club News

frostysnoclub.com

Good day Everyone!

We are getting ready to take the last month of the 2019-2020 season by the horns and let it be a safe ride. The season isn't over yet, so if you haven't been out riding the Frosty Trail system, get out and do so (better late than never!) We are still grooming when Mother Nature allows us to do so. If interested in current trail conditions go to <http://snowtracks.com/reporter-areas/land-o-lakes-wisconsin/>

Despite the mechanical issues that we had throughout the season with the PB200, it was nonetheless a beautiful riding season on the Frosty Trail system at the Top of Northern WI! Trail Boss, Rob, and crew are happy with the New Holland tractor groomer that we purchased this season. We look forward to using the new Brush Hog to widen and brush trails this fall to improve trail safety. Trail safety is our number 1 priority as unfortunately there has been a number of accidents and fatalities on Vilas County trails.

RIDE RIGHT AND RIDE SAFE!
