**From your President...** "It may not officially be snowmobile season yet but the Frosty Club is busy getting ready for opening day. Trail agreements are being finalized, private property easements verified, and new access trails to Asana Suka and Ramesh Repair shop on Hwy B being worked on. I am happy to report that the trail to Lac Vieux Desert is now officially funded. Brushing and signing the entire trail system will take place in mid to late October, date to be determined at the next meeting! I am looking forward to a GREAT and SNOWY snowmobile season!"
