DECEMBER 2022
FROSTY CLUB NEWS

Hello Frosty Club Members,

From Your President Phil... "Thanks to the efforts of Trail Boss Rob and a crew of 9 volunteers; the entire Frosty Club trail system has been brushed and signed. Our trail system will be inspected on Friday and then we are just waiting for mother nature to work her magic so we can enjoy the Top Trails at the Top of Wisconsin. The Frosty Club has many events taking place in December such as the Benefit Breakfast at Sunrise Lodge on Saturday, December 10 and Sunday, December 11 from 7:30 AM–11:00 AM! The Snowmobile Safety Class will be held at the Land O Lakes Town Hall on Tuesday, December 27th. Contact Sarah Outman at sarah.lipa@gmail.com or at 708-287-0522 to sign up as all riders born on or after January 1, 1985 need to take the class to ride the trails. Our FIRST Taco Night with Music and Games will take place at the VFW on Thursday, December 29th from 5-9:30 PM. I look forward to seeing you at these FUN events as well as out riding the Frosty Trails. Merry Christmas and Happy New Year!

Membership

Currently the Frosty Club has 247 members—getting closer to our goal of 300! Join Today! You can sign up using our website <http://www.frostysnoclub.com> or you can send in your paper membership. Your \$40 membership allows you to purchase \$10 trail passes (vs \$30 for non-club members), membership in the AWSA, a monthly WI Snowmobile news magazine, an opportunity to meet other snowmobile enthusiasts and participate in meetings and events. Most importantly, it helps the club maintain an AWESOME trail system.

Trail Boss Rob...

"On December 2nd the New Holland Tractor with the brush hog and 9 club volunteers finished brushing and signing the entire Frosty Club trail system. There are a few short swampy stretches that were too wet to access so THINK COLD and then THINK SNOW. Many thanks to all who helped get this done. The groomers are ready, the groomer operators are ready, and the trails are ready, so I'm getting excited for opening day! Please stay on the marked trails and Ride Safe!"

Help Needed!

The Frosty Club counts on its members to allow us to hold the many events that we have planned for the upcoming season and we want to "Thank You" for always stepping up when needed. The club is now in need of a chest freezer (10 cu. feet or so) for the groomer barn. Does anyone have one they are not using? We would be happy to put it to good use.
